YOU might not know the name, but you'll know the face.

Fahrin Ahmad is a versatile artiste who has been making waves not only on television but also among the ladies.

Just the mere mention of his name, and hearts go a flutter with "He's so cute!"

Currently in the midst of sifting through job offers, Fahrin is just grateful that work has been coming non-stop.

"I'm lucky to be able to do what I enjoy most."

*Malay Mail* met up with Fahrin at the launch of the Red Ribbon Celebrity Support Programme, where he is one of 10 celebrities chosen to help create awareness on HIV.

Proud to be part of a programme that helps society, Fahrin hopes that he will be able to use his status as a celebrity to make a difference.

"We've been to seminars and classes to learn more about HIV so that we can create awareness with the correct knowledge. But, this programme is not limited to the 10 of us. Other celebrities out there can also lend a hand when the opportunity arises."

Besides this, he is also hosting a programme on TV1 called *Respon*, which discusses various current issues. It mainly serves to motivate the general public, spreading the message to have a more positive life.

Another show that is gaining popularity is *Matahari* which airs every Monday to Thursday on TV3 from 6.30pm to 7.30pm.

Fahrin plays Iqmal, who makes an impact on the life of the main character, Matahari.

Television is not the only media you can catch Fahrin on. He has also appeared as the lead in the romantic movie *Dimensi Cinta*.

It has been a busy year for Fahrin and it looks like there is no chance he will be stopping anytime soon.
