#### NURSES DAY

## In praise of our care providers

NURSES, we salute you!

Holding the patients' hands as they make their painful pleas

Yes! When there is tuberculosis, you are there!

When there is HIV/AIDS, you are there!

When there is terminal cancer, you are there!

When there is a stillborn baby, you are there!

When there is a haemorrhage, you are there!

When there is death, you are there!

When patients are placed in isolation, you are there!

And if there is SARS (and now influenza A), surely you will be there!

If not for your bravery, where would patients be?

Happy nurses day!
