Students organise Red Ribbon Campaign

WORLD AIDS Day is celebrated throughout the world with different themes every year. This is based on the targeted group and objectives to stop the spread of HIV and AIDS.

In conjunction with World AIDS Day, the Student Development Unit of PTPL College Shah Alam and the Selangor Health Department organised a Red Ribbon Campaign recently.

A total of 25 students from various courses took part in the campaign.

Among the activities held was the distribution of pamphlets on HIV/AIDS. PTPL students were also encouraged to wear the red ribbon to show support for the campaign.

Students visited Rumah Keluarga Besar Norlina Alawi in Selangor, an orphanage and home for children afflicted with HIV/AIDS.

The college contributed school uniforms and stationery to the orphanage.

According to campaign committee member Norhayati Othman, such programmes are able to build soft skills and provide valuable experience for students.

Hopefully, this effort by the college would provide useful information for the students besides producing quality and noble graduates.
