## **'Don't make babies' advice to couples with HIV/Aids**

**KOTA BARU:** The Kelantan government Monday suggested married couples with HIV/AIDS to not produce offspring by using condoms to avoid their children from inheriting the disease.

"My other advice is not to fall in love with anyone suffering from the disease," state Women and Family Development and Health Committee chairman Wan Ubaidah Omar told the State Assembly Monday.

He said this in response to a supplementary question by Dr Nik Mazlan Nik Mahmood (PAS-Gaah) on the matter. - Bernama
