## *Jared Leto to join McConaughey in AIDS drama*

**J**ARED Leto is headed back to the silver screen in *The Dallas Buyers Club*, according to *Deadline.com*. Three years after *Mr. Nobody*, Leto will join Matthew McConaughey and Jennifer Garner in the AIDS-related drama.

Leto will have to take time out from his rock band 30 Seconds to Mars to shoot *The Dallas Buyers Club*, in which he replaces Gael Garcia Bernal in the role of Rayon, a transvestite with HIV in the late 80s. McConaughey and Garner are also part of the cast of the film, directed by Canadian filmmaker Jean-Marc Vallée (*CRAZY*).

The *Dallas Buyers Club* will start production on November 11. It will revolve around the fate of HIV-positive Texas electrician Ron Woodroof. McConaughey shed 30 pounds for the role of the Texan who was given six months to live yet managed to survive much longer by helming a drug smuggling network when the FDA had yet to make HIV drugs legal. - Relaxnews
