STRATEGY TO COMBAT HIV/AIDS

KUALA LUMPUR: The national HIV/AIDS stakeholders have mapped out a well-thought-out strategy to combat HIV and AIDS, said Deputy Health Director-General Datuk Dr Lokman Sulaiman. He said a meeting yesterday among the stakeholders was a timely move to ensure comprehensive and structured activities can be planned in fighting the scourge. Malaysian AIDS Council president Datuk Dr Raj Karim said the meeting by the council and the Health Ministry was aimed at finding effective measures to address the HIV/AIDS issue, particularly in curtailing its spread. – Bernama
